

Working in partnership with Docmail to save you money

Docmail is an innovative and unique online mail management system that allows users to arrange mailings from any computer with an internet connection - all for less than the cost of a 2nd class stamp!

It removes the need to print and fold letters, as well as stuff and stamp envelopes, allowing staff to focus on other core business duties.

Docmail is currently used by over 4,000 GP's throughout the UK and is perfect for bulk mailings such as flu recalls and QoF reminders as well as daily patient communications.

Some key benefits of Docmail are;

- Sending documents from your PC at less than the cost of a 2nd class stamp - includes paper, print and postage
- No contract
- No minimum volume required
- No set up or licence fee
- Save up to 60% on current costs
- No in house printing
- Secure
- Save hours of staff time
- Free onsite demonstration & training
