

Test & Calibration

Setting the Standard

At Williams Medical Supplies we are setting the standard in medical equipment Test & Calibration. We understand just how important it is that your medical equipment consistently performs to the highest levels of accuracy and reliability. We have a national team of technicians all trained and approved by the leading equipment manufacturers.

We have several pricing options with an exclusive discount for the Bedfordshire & Hertfordshire LMC:

	List price	Bed's & Herts Discount
Discount		7%
Full Day Test & Calibration	£449	£417.57
Half Day Test & Calibration (3 hours)	£340	£316.20

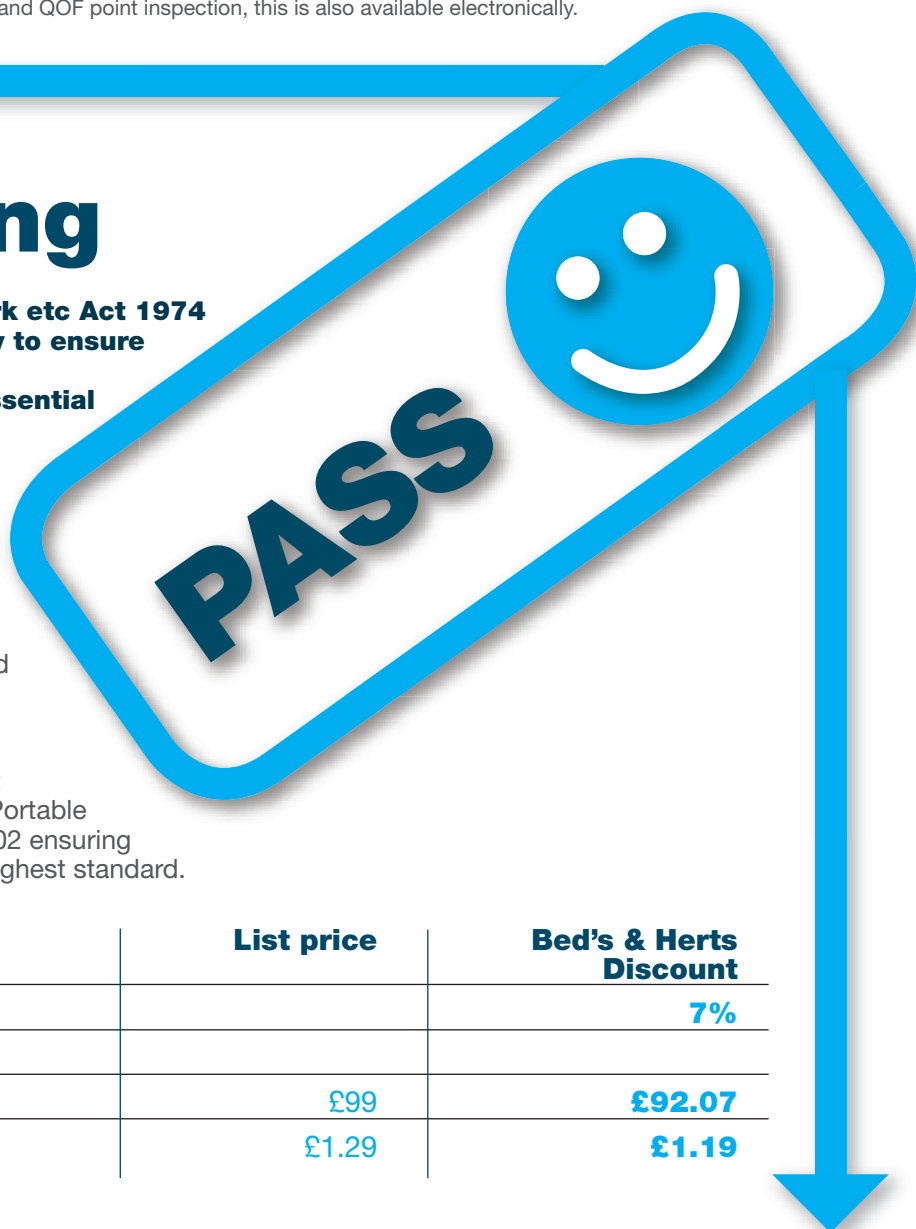

On completion you will receive a fully comprehensive report of test results and charts, all presented in a professional folder for easy reference and QOF point inspection, this is also available electronically.

PAT Testing

Under the Health & Safety at Work etc Act 1974 it is the employer's responsibility to ensure the safety of its employees. PAT Testing is now seen as an essential service to Primary care.

Williams Medical Supplies is setting the standard with our hassle free service, giving you the peace of mind and the confidence that your equipment is safe for use. All equipment will be individually bar-coded for traceability, all presented to you in your very own printed certificate pack.

All our technicians use state-of-the-art equipment and hold the certificate in Portable Appliance Testing City & Guilds 2377-02 ensuring your equipment is tested to the very highest standard.
